## SUMMARY

Adaptive full-stack web developer with front- and back-end knowledge. Fast learner, hard worker and collaborative individual who is ready to bring an enthusiastic attitude to any work environment.

## TECHNICAL SKILLS

**Languages:** Python, Java, React, JavaScript, HTML and CSS. **Frameworks:** Django, Spring and Express.JS  
**Databases:** MySQL and MongoDB. **Other Libraries:** Bootstrap.

## TECHNICAL PROJECTS

[Archify](#) | React | Full Stack Developer

2021

- Application created using React, Bootstrap, Material-UI and MongoDB in which users can catalog their favorite projects and view those submitted by others.
- Users can login to access the project list, edit project information and view details about each project.
- The idea for this was based on my love for architecture and the way it shapes how we experience our surrounding environment.

[Handy Helper](#) | Python | Full Stack Developer

2021

- Created using Django framework.
- Users must be logged in to access jobs(Django-authentication).
- Jobs can be created, given away or deleted.
- Users may also add jobs from other users to their own list of jobs and mark them as done once completed.
- Details page includes info about jobs.

[Study Buddy](#) | React | Full Stack Developer(Collaboration)

2021

- A study timer based on the Pomodoro study technique.
- Users can login to their Spotify account (with Spotify API authenticate) and enjoy focus music in the background while studying or working on a project.
- There is also an option to change background color according to mood.

## PROFESSIONAL EXPERIENCE

**Bartender** | *The Matador* | Tacoma, WA

2021-Present

- Displayed ability to adapt to guests' personalities by providing seamless customer care.
- Maintain bar service and provide customer care in an efficient manner.
- Trained new staff members ensuring that they adhere to established guidelines.

**Carpenter** | *MESH, LLC. Architecture/Fabrication* | Saint Petersburg, FL

2009-2012

- Read blue prints to compile cut list and check for adequate material inventory.
- Assembly and installation of custom cabinetry and furniture.
- Responsible for delivery of finished materials.
